### **DETAILED ACTION**

This Office Action is in response to an After-final Amendment filed on 12/15/2005.

Currently, claims 1-18 are pending.

#### ***Allowable Subject Matter***

1. Claims 1-18 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art, either singly or in combination fails to anticipate or render obvious, the limitations of:

...forming a second doped region with a second plurality of ions within the first doped region, wherein a gate-side boundary of the second doped region is spaced away from a closest edge of the gate electrode by a first spaced distance, wherein the gate-side boundary of the second doped region is spaced away from a closet edge of the spacer by a second spaced distance, the second spaced distance being less than the first spaced distance, and wherein the spacer does not cover the second doped region, as required by claim 1; and

...forming a second patterned mask layer over the intermediate structure, wherein the second patterned mask layer has a second opening formed therein at a second location in the active region, and wherein the second location is located within the first location, as required by claim 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
